Monroe, of Hardeman county, is a candidate for the position. He would fit the place both with regard to his knowledge and his character. He is a graduate of high scientific attainments, a clear student and a laborious worker. It would give us the highest satisfaction to see him placed in the position he seeks, as it would afford an opportunity for the practical exercise of his rare talents.

A writer in the "Jadeus" yesterday offers the extension of the Memphis and Charleston railroad through the city to the river. We give his remarks below:

EXTENSION TO THE M. & C. R.—We are very anxious to have some news before the election of the entire cotton crop of the United States is shipped. When the Louisville road is finished, penetrating West and Middle Tennessee and Kentucky, and the railroads will extend to the Atlantic, we will have news in the Union. This road is now in full completion, and its extension will be easily and appreciated.
